Model: CALEB

Article: RN10094

Protection Class: S3 SRC CI ESD

EU Regulations: EN ISO 20345:2011

DESCRIPTION

Caleb are safety shoes characterised by innovative materials that enhance their modern and attractive design.
Safety shoes with soft, water-repellent microfibre upper with polyurethane reinforcement scuff cap. The lining extends from the toes to the heel and is made of soft white calfskin to wrap around the foot like a sock.
Caleb are safety shoes that meet the design and safety requirements of the S3 SRC CI ESD standard protection.
Safety is what has always characterised U-Power safety shoes. Caleb are high-cut safety shoes with an AirToe Aluminium toe cap for maximum safety and protection of the toes and the forefoot. Save & Flex PLUS metal free anti-puncture system consisting of an anti-perforation insole that ensures the total protection of the entire sole of the foot as it is stitched directly to the upper.
S3 safety shoes with specific protection for the insulation of the sole of the shoes against the cold equipped with an antibacterial and breathable U-Power Original anatomical insole in soft leather to ensure maximum comfort all day.
The Infinergy® system allows an optimal energy return of more than 55% with every step.
