

Model: CAMBRIAN

Protection  Class:

S3 SRC CI ESD

Article: RL10564

EU Regulations:

EN ISO 20345:2022

DESCRIPTION

Cambrian is a comfortable and breathable model of safety shoes with an upper in soft Pull-up leather and WingTex air tunnel lining for air circulation and prolonged comfort.

Highly breathable work shoes with Infinergy® system ensuring energy return: over 55% more energy with every step! These water repellent safety shoes have an AirToe® composite toecap to protect the tip of the foot and the Save & Flex Plus anti-perforation system. It is textile and sewn directly on the upper to guarantee maximum safety and protect against perforation due to sharp objects such as nails or splinters.

Cambrian are oil repellent work shoes that are very comfortable thanks to the soft and enveloping WOW Gel insole that covers the foot from minor bumps and pressures, adapting perfectly to the shoe.

Work footwear with special protection of the sole from the cold and anti-slip, anti-oil, anti-abrasion and antistatic properties.

Water repellent work boots appropriate for outdoor use in a humid environment and, particularly for trucking and logistics, craftsman, house painter, carpenter, bricklayer, gardener and farmer, the gas station attendant, mechanic, tire dealer, worker, electrician, welder, warehouse worker.
