

Model: CHELSEA

Protection Class: S3 SRC CI ESD

Article: RI11364

EU Regulations: EN ISO 20345:2011

DESCRIPTION

Water repellent safety shoes with soft Full Grain leather upper. Work boots without laces and with Airtoe® composite toecap that protects the toe from the risk of accidental falls on the tip of the foot.

The model is a safety boots in S3 CI SRC ESD standard protection.

Safety shoes with Save & Flex Plus fully textile anti-perforation system. This protection is sewn directly onto the upper and guarantees 100% protection from nails, splinters, etc.

The "CI" protection of the sole from the cold guarantees an internal temperature of the shoe higher than that perceived externally, ensuring an ideal microclimate in cold conditions.

Chelsea is a breathable safety work shoe with WingTex air tunnel lining that guarantees high breathability thanks to the special microcells that absorb and disperse moisture.

The WOW2 insole ensures comfort and self-modelling and evenly distributes body weight. The insole has an anti-fatigue insert capable of relieving stress on the feet and legs, which is ideal when you have to work for long hours on your feet.

Work boots in leather with anti-oil, anti-slip, anti-abrasion and anti-static soles.

Chelsea is the ideal work boots for gas station attendants, bricklayers, carpenters, general workers, artisans, plumbers, warehouse workers, trucking and logistics, mechanics, tire repairers, and house painters, electricians.
