DESCRIPTION

Sustainable safety shoes made of soft micro-fibre with a high percentage of recycled material.

Coast UK is a safety work shoe featuring an ultra-light AirToe Aluminium toecap to protect the toes and front part of the foot with a reinforcement.

The Save&Flex plus eco-friendly anti-perforation system is totally metal-free and made of 59% recycled materials. Safety work shoes which comply with sustainability criteria, produced to reduce CO2 emissions starting from renewable sources.

Coast UK shoes are highly breathable thanks to the WingTex® Green breathable air tunnel lining made of 66% recycled materials which ensure maximum comfort and well-being for the feet.

Comfort is also ensured by the anatomic, antibacterial, anti-static and self-moulding WOW Green insole made of PU by BASF.

The sole of this eco-friendly work shoe obtained from renewable sources is made of 100% PU by BASF and is abrasion-resistant, oil-resistant, non-slip and anti-static, enhanced by the Infinergy® system which improves the performance by restoring up to 55% more energy at every step.

High-top safety shoes with protection for insulation from the cold, ideal for the automotive sector, industry, logistics and assembly lines.
