

Model: DUBAI UK

Protection Class: S3 SRC CI ESD

Article: RI11084

EU Regulations: EN ISO 20345:2011

DESCRIPTION

Safety shoes with Velcro, practical and comfortable and water repellent upper in grained leather with microfibre insert. Lightweight work shoes with Airtoe Composite toe cap and fabric Save & Flex Plus anti-perforation system for protection of the front and sole of the foot.

Men's work shoes in standard protection S3 SRC CI ESD with PU/PU sole with special protection against the cold (at temp. ≤ 10 °C.) and also anti-static, anti-slip, oil-resistant and abrasion-resistant.

Well-being and health of the foot are guaranteed by the highly breathable air tunnel inner lining and by the WOW2 insole which, with its self-modelling arched insole structure and the anti-fatigue insert, reduces body stress and improves stability and balance, significantly increasing comfort.

Dubai UK is a style of safety footwear that is well suited to be used in damp and cold environments and especially for: construction sector and builders, transport and logistics, gardening and agriculture, gas station operators, craftsmen and process workers, electricians, plumbers, carpenters, mechanics and tyre repairers.
