

Model: **ERMES** **Protection Class:** **S3 SRC CI ESD**
Article: **RN20104** **EU Regulations:** **EN ISO 20345:2011**

DESCRIPTION

Ermes are safety shoes with a modern style that combine innovation and design with high quality and high performance materials.

S3 safety shoes with a water-repellent nubuck-effect microfibre upper with a reinforced polyurethane toe cap and a soft white calfskin lining that extends from the toes to the heel providing long-lasting comfort.

S3 safety shoes equipped with an anti-bacterial, breathable U-Power Original anatomical insole made of soft leather for all-day comfort, and Infinergy® system that allows more than 55% optimal energy return at every step.

Ermes footwear meets the requirements of standard protection S3 SRC CI ESD and guarantees maximum safety thanks to the lightweight AirToe Aluminium toe cap and the completely metal-free Save & Flex PLUS anti-puncture system that ensures total protection of the sole of the foot as the insole is stitched directly to the upper.

Specific protection for the insulation of the sole of the shoes against the cold.

UPPER

Nubuk-effect microfibre, water-repellent with reinforced polyurethane toe cover
