DESCRIPTION

The Gordon professional shoe is designed for the Horeca sector, combining functionality and style. The nylon mesh upper with laser-cut detailing is lined with a breathable lining that ensures comfort throughout the day. The U-Power MEMORY FOAM insole adapts to the foot's shape, providing superior cushioning. The EVA and black rubber sole ensures durability and flexibility. Compliant with the EN 20347:2022 standard and classified OB E FO SR, Gordon offers grip on slippery surfaces, oil resistance, and shock absorption. Perfect for everyday use, both at work and in leisure time.
