<b>Article:</b>	<b>US20219</b>	<b>EU Regulations:</b>	<b>EN ISO 20347:2022+A1:2024</b>

## DESCRIPTION

The U-Power Heston shoe is designed for everyday use, both at work and in leisure time. The nylon mesh upper with laser processing, lined with a breathable lining, ensures comfort and freshness. The U-Power MEMORY FOAM insole provides excellent cushioning. The white EVA sole with black rubber offers resistance and flexibility. Compliant with the EN 20347:2022 standard and classified OB E FO SR, Heston provides grip on slippery surfaces, oil resistance, and shock absorption. Ideal for the Horeca sector.
