

Model: JACKSON s ESD

Protection Class: S3S CI FO SR

Article: RK20104

EU Regulations: EN ISO 20345:2022

DESCRIPTION

Highly anti-scutt low-cut safety shoes with Putek Plus upper. Polyurethane reinforcement tip on front of shoe. Compact, PU outsole and non-slip, oil-resistant, abrasion-resistant and anti-static outsole. Fully metal-free work shoes with Save & Flex Plus anti-perforation system for 100% protection of the sole of the foot and composite toecap weighing approx. only 50 g. Work footwear with S3S CI FO SR protection standard and special cold weather protection of sole (for temp. ≤ 10 °C.). Well-being and foot health are guaranteed by the ultra-breathable WingTex air tunnel lining and the washable New ErgoDry insole that is also breathable, non-slip, anti-scutt, anti-bacterial and anti-static. Safety shoes for men and women, ideal for cold, wet environments, suitable for: electricians, carpenters, craftsmen generally, warehouse workers, the automotive, mechanical engineering, haulage and logistics sectors, and paper mill workers.
