DESCRIPTION

Ankle-high safety shoes with PUTEK® star upper and toe protection with abrasion-resistant scuff cap.

Ultra-light work shoes highly resistant to abrasion and with particular protection of the sole from the cold. These non-slip shoes with anti-static, oil-resistant and abrasion-resistant soles are fitted with a tread made with a particular super-light new generation PU compound that considerably reduces the overall weight of the shoe.

The AirToe Aluminium toecap and the new ultra-light puncture-resistant textile insole, ensure protection of toe and sole of the foot while preserving the lightness of the shoe.

Well-being and comfort are ensured by the presence of the anatomical U-Power Original insole in light polyurethane compound, while breathability is increased by the Wingtex air tunnel lining which guarantees air circulation and moisture absorption.

Safety footwear suitable for: craftsmen in general, electricians, carpenters, warehouse workers, and transport and logistics sectors.
