

Model: **KALEO** **Protection Class:** **S3 SRC CI ESD**
Article: **RN20074** **EU Regulations:** **EN ISO 20345:2011**

DESCRIPTION

Kaleo are safety shoes that are the result of the combination of Italian design and innovation through the use of high quality materials, with the safety and protection that has always characterised U-Power footwear.

Low-cut safety shoes in S3 SRC CI ESD standard protection with high tenacity PUTEK® CAP upper, water-repellent and breathable with polyurethane reinforcement scuff cap. The soft white calfskin lining wraps around the foot like a sock and extends from the toes to the heel.

Non-slip safety shoes equipped with CI protection for insulation against the cold of the sole of the shoes and U-Power Original anatomical, antibacterial and breathable insole in soft leather. The Infinergy® system ensures an optimal energy return of more than 55% with each step, increasing comfort and well-being every day.

Non-slip safety shoes with AirToe Aluminium toe cap that guarantees excellent safety and protection of the toes and the forefoot.

Kaleo footwear is equipped with a completely metal-free Save & Flex PLUS anti-perforation system and consists of an anti-puncture insole that ensures the total protection of the entire sole of the foot as it is stitched directly to the upper.
