

Model: **KENT s ESD**

Protection Class:

S3S FO SR CI

Article: **RN10084**

EU Regulations:

EN ISO 20345:2022

DESCRIPTION

Kent are safety shoes created to enhance the innovative design in the Red Premium range by U-Power thanks to the choice of quality materials.

Safety shoes with soft, water-repellent microfibre upper with polyurethane reinforcement scuff cap.

The soft white calfskin lining wraps around the foot like a sock and extends from the toes to the heel.

CI protection for insulation against the cold of the sole of the shoes.

Kent are safety shoes equipped with an antibacterial and breathable U-Power Original anatomical insole in soft leather and Infinergy® system for an optimal return of energy of over 55% with each step, increasing daily comfort and well-being.

Anti-static, non-slip safety shoes with AirToe Aluminium toe cap that guarantees excellent safety and protection of the toes and the forefoot.

Save & Flex PLUS metal free anti-puncture system consisting of an anti-perforation insole that ensures total protection of the entire sole of the foot as it is stitched directly to the upper.
