

Model: MOSKA UK s ESD

Protection Class: S3S FO LG SC SR CI

Article: 0RI21014

EU Regulations: EN ISO 20345:2022

DESCRIPTION

High-cut and robust safety shoes with upper in water repellent, soft and resistant pull-up leather.

Safety shoes with Airtoe composite toe cap and Save & Flex Plus fabric anti-perforation system, sewn directly onto the upper to guarantee 100% protection over the entire surface of the foot.

The highly breathable air tunnel inner lining guarantees foot health and well-being. Comfort is increased by the WOW2 insole which, thanks to its self-modelling arched insole structure with anti-fatigue insert, allows for a reduction in body stress and better stability and balance, guaranteeing greater safety and a feeling of long-lasting well-being.

Men's safety shoes, also ideal for women, suitable for use in damp and cold environments such as farmers and gardeners but also for craftsmen, electricians, plumbers, carpenters, painters, gas station operators, workers, construction sites and builders, mechanics and tyre repairers, transport and logistics.

Anti-slip work shoes with oil-resistant, anti-static, abrasion-resistant PU/PU sole and special protection from the cold (at temp. $\leq 10^{\circ}\text{C}$.).

UPPER

Soft, strong, water repellent, pull-up leather
