

Model: **PRINCE s ESD**

Protection Class:

S1PS FO SR

Article: **RK30076**

EU Regulations:

EN ISO 20345:2022

DESCRIPTION

Safety footwear with Velcro fastening and soft perforated suede upper. Super breathable Mesh inserts and reinforced polyurethane toecap cover for increased protection and durability of the shoe.

Prince is a work shoe suitable for both men and women and is ideal in dry, warm environments fitted with WingTex air tunnel lining for foot health and long-lasting well-being.

Non-slip safety shoes with compact PU abrasion-resistant, oil-resistant and anti-static sole suitable for the automotive, mechanical engineering, logistics and haulage sectors, paper mill workers, craftsmen, electricians, carpenters, and warehouse workers.

Protection is provided by the Composite toecap and the Save & Flex Plus anti-perforation system, which guarantee optimum protection of the toe and 100% of the surface of the foot.

Comfortable "Metal Free" work footwears with washable insole designed to conform to the normal contours of the foot and includes anti-bacterial and anti-static properties.
