

Model: **QUILL L ESD**

Protection Class: **S3 FO SR CI**

Article: **RI11424**

EU Regulations: **EN ISO 20345:2011 CE**

DESCRIPTION

Heavy-duty anti-static safety shoes made of soft Pull-Up leather with water-repellent, scuff-resistant upper and dynamic traction.

Safety footwear fitted with reinforced PU toe cap on the upper part of the shoe and double black and yellow laces.

Safety shoes with special insulation of the sole against the cold.

Quill is a non-slip, anti-static, scuff-resistant and oil-resistant model that is ideal for outdoor work on rough ground.

Safety footwear with AirToe Composite toe cap and anti-puncture system with ergonomic steel plate which ensure protection of the toes and sole of the foot.

The WingTex inner air tunnel lining ensures excellent breathability while the anatomic, antibacterial and highly breathable footbed guarantees comfort and long-lasting well-being.

High-top safety shoes ideal for use on construction and building sites, in ports, for road work and roadside maintenance, in agriculture and gardening and on all slippery surfaces and in wet environments.
