

Model: **RONAN**

Protection Class: **S3 HRO HI SRC CI**

Article: **RL10514**

EU Regulations: **EN ISO 20345:2011 CE**

DESCRIPTION

Safety footwear in protection class S3 HRO HI CI SRC with the sole of the shoe specially insulated against heat and cold.

Water repellent work shoe with upper in soft, Pull-up leather and double lace. The model is made even more hard-wearing with the PU-reinforced scuff cap.

The sole in PU/Vibram increases grip and traction, whilst the Infinergy® insert ensures that energy is recovered. Anti-static, anti-slip, abrasion resistant and oil resistant sole, particularly suited for use on uneven ground and treacherous surfaces.

These high-cut safety shoes guarantee 100% protection to the surface of the foot thanks to the Save & Flex® PLUS, completely "Metal Free", anti-puncture sole and the lightweight aluminium AirToe toe cap.

Ronan is a protective shoe with an ultra-breathable WingTex air tunnel lining that ensures prolonged comfort thanks to the anti-bacterial, anatomical WOW insole.

Footwear for work, suitable for outdoor use in wet and cold environments: shoes for construction workers and builders, people working in agriculture, gardening, building works, road works and maintenance, installations, port areas.
