

**Model:** **SILVER** **Protection Class:** **S3 SRC CI ESD**  
**Article:** **RL10534** **EU Regulations:** **EN ISO 20345:2011 CE**

**DESCRIPTION**

Silver is an ESD safety shoe with water repellent upper in soft, resistant, Pull-up leather with reinforced scuff cap on the toe and Kevlar® DuPont™ stitching particularly resistant to traction and heat. These safety shoes in protection class S3 CI SRC ESD come with the Infinergy® system, which ensures that over 55% of the energy is returned with each step, and the Aluminium AirToe toe cap. The health and well-being of the feet are ensured by the Save & Flex® PLUS, anti-puncture, fabric insole, which delivers 100% protection to the surface of the foot, by the breathable, anti-bacterial, anatomical WOW insole and by the ultra-breathable WingTex air tunnel lining. The sole is compact PU and is anti-slip, abrasion resistant, oil resistant and anti-static. Shoes for work, suitable for use outdoors in cold and wet environments, in the building sector, on construction sites, in gardens and agriculture, port areas, road maintenance, road works, installations.
