

**Model:** **SINATRA s ESD**

**Protection Class:** **S3S CI FO SR**

**Article:** **RK20114**

**EU Regulations:** **EN ISO 20345:2022**

### DESCRIPTION

Water repellent safety shoes with soft grain leather upper with S3S CI FO SR protection standard.

Safety footwear, ideal for cold, wet environments with non-slip, oil-resistant, abrasion-resistant and anti-static soles with special cold protection (for temp.  $\leq 10$  °C.).

Metal-free safety shoes with Save & Flex Plus anti-perforation system sewn directly into the upper for 100% protection of the sole and Composite toecap. Polyurethane reinforcement tip on front of shoe.

Long-lasting comfort due to the inner WingTex air tunnel lining and the breathable, anti-bacterial, anti-static and non-slip New ErgoDry insole.

Safety footwear ideal for: warehouse workers, logistics and haulage, automotive, mechanical engineering sectors, paper mill workers, craftsmen, electricians, carpenters.

Safety shoes for men and women.
