

Model: SYLVIE s ESD

Protection Class: S3S CI FO SR

Article: RN20134

EU Regulations: EN ISO 20345:2022

DESCRIPTION

Women's safety shoe with upper made of soft water repellent, tumbled microfibre and reinforced toe cap made of polyurethane for greater protection and long-lasting footwear.

The style, with its innovative signature Made in Italy design, ensures comfort and lightness thanks to the soft white calfskin lining which accommodates the foot from the toe to the heel. The new U-Power Original insole with leather base and lower section, made of a new polyurethane compound, ensures balance and correct weight distribution.

Lightweight work shoes with Infinergy® midsole which ensures a high return of energy: over 55% with every step!

Safety footwear with Airtoe Aluminium toe cap and Save & Flex Plus puncture-proof fabric system, sewn directly onto the upper, to ensure 100% protection of the sole of the foot.

Sole made of abrasion-resistant, non-slip, anti-oil and anti-static compact PU.

ESD S3S CI FO SR safety shoes with hydrocarbon-resistant sole and special protection from the cold (At temp. ≤ 10 °C.).

The ideal work footwear for use in the logistics and automotive field.
