

Model: **TRADER PRO UK**

Protection Class:  **S3 SRC CI ESD**

Article: **RL10544**

EU Regulations:

EN ISO 20345:2022

DESCRIPTION

Water repellent work shoes in soft nubuck leather ensure protection from cold and humidity.

These safety boots, designed to insulate the sole from the cold, feature a lightweight AirToe® aluminium toecap that provides protection of the toe.

Mid-cut work boots with Save & Flex PLUS textile anti-perforation system sewn directly on the upper to guarantee 100% protection over the entire surface of the foot.

Safety shoes in leather with the Infinergy® system transforming static cushioning into dynamics during foot movement and ensuring over 55% more energy at each step, which reduces stress on legs and feet and improves work performance.

This model of safety boots has anti-slip, anti-oil, anti-abrasion and antistatic sole with anatomic WOW Gel insole in soft polyurethane and shockproof gel with antibacterial and breathable properties.

The presence of the highly breathable WingTex® air tunnel lining gives comfort and an ideal microclimate.

Trader Pro UK is a model of safety footwear suitable in humid environments, especially for gardeners and farmers, gas station attendants, mechanics, tire dealers, carpenters, bricklayers, electricians, welders, warehouse workers, trucking, logistics artisans, house painters.
