

Model: **TYNE UK**

Protection Class: **S3 SRC**

Article: **RR10646**

EU Regulations: **EN ISO 20345:2022**

DESCRIPTION

Safety shoes in water-repellent full-grain leather. High work shoes equipped with a polyurethane reinforcement toe cap for greater protection of the shoe's toe.

Comfortable, lightweight work shoes with WingTex® air tunnel lining for high breathability and health of the foot. Comfort and prolonged well-being also guaranteed by the anatomical, antibacterial and breathable WOW Gel insole, which welcomes the foot with a pleasant enveloping sensation to protect it against small impacts and pressures.

Safety footwear with AirToe® Composite ultra-lightweight toe cap and puncture-resistant "Metal Free" Save & Flex Plus insole, the protection system against puncture risks sewn directly onto the upper that protects the entire surface of the foot's sole.

Tyne UK is a non-slip work shoe with anti-abrasion and anti-oil sole, suitable for use in outdoor and wet environments.
