

Model: XENO **Protection Class:** S3 SRC CI ESD
Article: RN20114 **EU Regulations:** EN ISO 20345:2011

DESCRIPTION

Xeno footwear meets the requirements of design and safety, combining the two needs of the worker in the choice of high-performance quality materials .

Low-cut safety shoes with water-repellent Nubuk microfibre upper, polyurethane toe cap reinforcement and soft white calfskin lining that extends from the toes to the heel, wrapping around the foot and increasing fit comfort.

S3 safety shoes equipped with antibacterial and breathable U-Power Original anatomical insole in soft leather for all-day comfort.

The Infinergy® system allows an optimal energy return of more than 55% with each step, increasing the feeling of long-lasting well-being.

Xeno footwear meets the requirements of standard protection S3 SRC IC ESD and is equipped with a lightweight AirToe Aluminium toe cap and Save & Flex PLUS no metal anti-puncture system to ensure the total protection of the entire sole and the forefoot.

Specific protection for the insulation of the sole of the shoes against the cold, certified by the CI marking.
