

Model: ZAK Protection Class: S3 SRC CI ESD

Article: RN20094 EU Regulations: EN ISO 20345:2011

## **DESCRIPTION**

Zak are safety shoes that meet the requirements of design and safety, satisfying the aesthetic taste and the need for comfort and protection of the worker every day.

S3 safety shoes made from innovative materials that enhance the eye-catching design of the Red Premium range and footwear.

Safety shoes with water-repellent, soft tumbled microfibre upper with reinforced polyurethane toe cover and soft white calfskin lining to wrap around the foot like a sock. The lining extends from the toes to the heel for supreme comfort. Zak are safety shoes that meet the requirements of stamdard protection S3 SRC CI ESD.

High-cut safety shoes that guarantee maximum safety because they are equipped with a lightweight AirToe Aluminium toe cap and a totally metal-free Save & Flex PLUS anti-puncture system consisting of an anti-perforation insole that ensures full protection of the entire sole of the foot as it is stitched directly to the upper.

S3 safety shoes with antibacterial and breathable U-Power Original anatomical insole in soft leather for all-day comfort. The Infinergy® system allows an optimal energy return of more than 55% at every step.

Specific protection for the insulation of the sole of the shoe against the cold.
